Australian Senate consults on Digital Assets Framework Bill

The Piper Alderman Blockchain Group bring you the latest legal, regulatory and project updates in Blockchain and Digital Law.

The Piper Alderman Blockchain Group has made a submission to the Senate Economics Legislation Committee's review of the *Corporations Amendment (Digital Assets Framework) Bill 2025*. The submission supports the Government's objective of enhancing consumer protection and market integrity in digital asset markets, while highlighting the potential impacts of the bill on software developers and blockchain infrastructure providers (including wallet developers, bridges and Layer 2 networks). Drawing on international approaches, the submission identifies a number of targeted areas where clarification would materially improve regulatory precision and encourage technological innovation in Australia.
